Description

Moore Industries' universal PSD PC-Programmable Loop Display features a large integral display that shows real-time process status in mA, percent, or any designated 5-character Engineering units (EGU).

Superior Accuracy—The loop-powered PSD reads any 4-20mA signal and displays the information with phenomenal accuracy of $\pm 0.012\%$ of input scale. And because it requires less than 2.3 Volts, it won't burden most loops.

Simple and Versatile PC Setup Program

Using the PC software, the PSD can either be custom scaled to display in a percent or scaled directly into engineering units for indicating process measurements such as pressure, temperature, level, or flow. Span, zero, input range, display range, and filtering frequency can also be easily programmed. Our software will even capture the input range limits of the loop to provide you with the most accurate display available.

Easy Calibration—A single button on the front of the unit allows you to easily calibrate your loop by displaying the loop current in mA with three-decimal-place accuracy.

Figure 1. The PSD is available complete in our BH housing; an explosion-proof enclosure that protects your display in even the harshest field environments.

Installing easily on the loop, the PSD is protected to NEMA 4X and IP66 standards by our rugged D-BOX enclosure. Explosion-proof enclosures are also available.

Features

- **Easy-to-read, customizable display.** The PSD's independently configured display features two rows of large characters that can be clearly read in the field and set to display any EGU.
- **360°, flexible mounting.** When placed into one of our rugged enclosures, the PSD can be mounted at any angle in nearly any environment.
- **Low voltage drop.** Loop-powered by less than 2.3 Volts, the PSD can even be installed on burdened loops.
- **Custom and square root curves.** Select a square root or linear curve from the library, or create your own. Use our software to input a table in one EGU and have the PC program convert it into a different EGU for display.
- **RFI/EMI immunity.** The PSD is resistant to the harmful, unpredictable effects of radio frequency and electromagnetic interference.

Certifications

PSD-HP

FM Approvals (FM Global Group):

Intrinsically-Safe

Class I, II, III Division 1, Groups A thru G

Non-Incendive

Class I, Division 2, Groups A, B, C & D

Temperature Class T4 @ 85°C Ambient

CSA Group (Canadian Standards Association):

General/Ordinary Location

Intrinsically-Safe

Class I, Division 1, Groups A, B, C & D

Non-Incendive

Class I, Division 2, Groups A, B, C & D

Temperature Code T5 @ 60°C Ambient

Temperature Code T6 @ 40°C Ambient

ATEX Directive 2014/34/EU (LCIE):

Intrinsically-Safe

II 1G Ex ia IIC T4 Ta = 85°C

ATEX Directive 2014/34/EU (MII):

Type "n"

II 3G Ex nA IIC T4 Ta = 85°C

CE Conformance:

EMC Directive 2014/30/EC – EN 61326

PSD-HP in BH/SB2 Housing

FM Approvals (FM Global Group):

Explosion-Proof & Dust/Ignition-Proof

Class I, Division 1, Groups A*, B, C & D

Class II & III, Division 1, Groups E, F & G

Environmental Protection: NEMA 4X & IP66

T6 @ 60°C Maximum Operating Ambient

*For Group A applications, seal all conduits within 18"

CSA Group (Canadian Standards Association):

Explosion-Proof

Class I, Division 1, Groups A*, B, C & D

Class II, III, Groups E, F & G

Type 4X, IP66

Ambient Temp. Range: -20°C to +60°C; T6

*For U.S. Group A applications, seal all conduits within 18"

ATEX Directive 2014/34/EU (ISseP):

Explosion/Flame-Proof

II G Ex d IIC T6 Gb

II D Ex tb IIIC Db T85°C IP66

ANZEx (TestSafe):

Explosion/Flame-Proof

Ex d IIC T6 (Tamb 60°C)

Accessories

Each PSD order comes with one copy of our Intelligent PC Configuration Software (Windows® compatible) To order additional software or cables:

Part Number	Part
750-75E05-01	Intelligent PC Configuration Software
804-030-26	Fuse Protected, Non-Isolated USB Communication Cable (required by ATEX for products installed in Intrinsically-Safe areas)
803-039-26	Isolated Configuration Cable (9-pin Serial Port)
803-040-26	Non-Isolated Configuration Cable (9-pin Serial Port)
